

In 2021, the BC
Public Service
Implemented
Proof of
Vaccination
Mandate for
Employees

We are dedicated public servants who have been unjustly fired, still on unpaid leave or forced to quit or retire early due to the discriminatory COVID-19 Vaccine mandate.

We continue to fight for all British Columbians by standing up for our human rights, charter rights and bodily autonomy. We are challenging the province so that not only this generation, but future generations may enjoy their freedoms and democratic rights as we are all entitled to here in beautiful British Columbia. Please support us today so we may all enjoy tomorrow!
